

**RIDE-CRITIQUE WITH JAN CONLON “R”
AT
KINGSBURY HILL
June 7, 2008**

Jan has invited all Kingsbury Hill campers to participate in this clinic on June 7th. If you are interested you and your horse are more than welcome to stay over after Adult camp and attend on Saturday. If you have any questions contact Jan at jdconlon@verizon.net or Lisa at lisa@kingsburyhill.com

RIDE-CRITIQUE Format: pick ANY dressage or event test(s) to ride. Ride through your test from start to finish (redo's are OK too!) you will be judged in the customary way and then we work on the fundamental ways to improve your performance. The second format option is for us to work on the parts of the tests first and then finish by riding through the test if possible. I don't need to know which option you prefer ahead of time. Walk /trot test critiques will be 30 minutes in length; all other tests will be 45 minutes. Ride/Critique - \$60/test, walk/trot tests \$50/test

FLAT CLASS for 5-year-old horses or younger (or at that experience level any way) 2-3 as a group. Walk-trot canter and then evaluated for balance/potential-great first year experience for the babies.

DRESSAGE EQUITATION: all riders encouraged to enter this-group of 2 or 3 at similar experience level-judged as a group and then each rider scored and critiqued on position and effect of aids. Perfect warm up for your test! The flat classes are \$20/horse.

Who is invited? EVERYONE.... you don't have to be a competitor or even a student to participate as a rider or auditor. Space is limited – entries are accepted in the order received.

TIME: June 7 all day, RAIN OR SHINE –We will be riding in a large indoor in case of rain. Please check the Kingsbury Hill website www.kingsburyhill.com for times and location. Be specific if you have scheduling preferences-I will do my best to accommodate. *Dress is casual*

I will need the following information when you are being scheduled: What size arena you prefer to ride in either small (20mX40 m) or large (20mX60 m). What test(s) you plan to ride. If you are doing two tests will you want to ride with back-to-back times or have a break in-between?
